2. Consent

Please check
I agree that automatic exchanges of information be made between Agri-Traçabilité Québec, Inc. (ATQ) and the Canadian Angus Association regarding the data required for the Canadian Angus certification program (in particular, but not limited to: the number of identification tags purchased, the PRO ATQ number, address, etc.).

The Canadian Angus Association reserves the right to verify kindred of any animal having an Angus identifier. Your participation to the Canadian Angus certification program enables you to benefit from value-added promotions such as sales of Angus feeder calves. This also means that your name, telephone number, city and numbers of tags purchased could be used in a directory of producers participating to the Canadian Angus registration program.

3. Consent Duration

This consent will be effective from the date of reception at Agri-Traçabilité Québec and may be cancelled by sending a written notice to ATQ.
