

## Information to be transmitted to the ATQ database

### RESTRICTIONS

- It is prohibited to receive, or allow to be received, a bovine animal that is unidentified.
- It is prohibited to make any erroneous, false or misleading declarations concerning the information to be transmitted, when applying the *Regulation respecting the Identification and Traceability of Certain Animals*.

### OBLIGATIONS

1. The person in charge of the artificial insemination centre must notify *Agri-Traçabilité Québec inc. (ATQ)* of the arrival of a bovine animal into the centre;

He must also send the following information to ATQ:

- the name and address of the artificial insemination centre or its premises number attributed by ATQ (7 digit number);
- the date of arrival of the bovine animal;
- the animal's official tag number;
- the name and address of the animal's owner or custodian at the site where the carrier loaded it.
- the premises number of the animal's site of origin, that is, the site where it was loaded by the carrier.

2. The person in charge of the artificial insemination centre must notify *Agri-Traçabilité Québec inc. (ATQ)* of the departure of a bovine animal to a location outside Quebec.

He must also transmit to ATQ:

- the name and address of the artificial insemination centre or its premises number attributed by ATQ (7 digit number);
- the date of departure of a bovine animal to a location outside Quebec;
- the animal's official tag number;
- the name and address of the animal's owner or custodian at the location where it will be unloaded by the carrier;
- the destination site of the animal, that is, the location where the animal will be unloaded by the carrier:  
If this information is not available, indicate the name and address of the carrier and the registration number of the vehicle used to transport the animal.

### DELAY PERIOD FOR TRANSMITTING DATA TO ATQ

The person in charge at the artificial insemination centre must send this information to ATQ within seven (7) days of the event.

### METHODS OF DATA TRANSMISSION TO ATQ
